## About Me

I am a passionate and dedicated web developer with a strong background in creating efficient, user-friendly websites and applications. Over the past several years, I have honed my skills through hands-on experience in both web development and production roles. I have background of improving email communication systems using SMTP and various APIs, which has significantly increased deliverability rates and streamlined processes. My attention to detail, problem-solving abilities, and adaptability allow me to deliver high-quality results even under pressure. I am always eager to learn and grow, continuously keeping myself updated with the latest industry trends and technologies.

## Work Experience
